AgriShield

At Price Forbes, we understand the challenges faced by Agri businesses and organisations in managing their unique and often complex risks in an increasingly challenging insurance market.

In response our team of dedicated experts have developed AgriShield to provide highly comprehensive and flexible coverage options for your raw materials, semi-finished goods, products in store and in transit throughout the supply chain.

AgriShield is designed to sit alongside your traditional property programme offering enhanced coverage benefits for your products whilst releasing valuable insurance capacity for your buildings and assets.

With a fully tailored and bespoke form, Agrishield is able to offer full coverage extensions to all clients.

AgriShield key features can include:

- ✓ **Up to a USD 75,000,000 per location / per transit limit** – Which can be topped up to USD 225M through our purpose-built excess stock facility should additional limit be required.
- ✓ **Worldwide cover** – For all your international and domestic movements and stock exposures.
- ✓ **Spoilage and deterioration risks** – Enhanced cover up to policy limit arising from inherent risks such as heating, sweating, fermentation, spontaneous combustion and dust explosion. Such coverage often not insured or sub-limited under a traditional property insurance.
- ✓ **Natural catastrophe risks** – Full cover for flood, windstorm and earthquake risks available up to Policy Limit.
- ✓ **Exposure fluctuation provision** – To help manage and “inflation proof” your goods due to the constantly changing commodity prices.
- ✓ **Refrigeration and breakdown coverage** – For any temperature sensitive products.
- ✓ **Enhanced valuation provision** – Allowing for anticipated revenue, future profit margin, seasonal price changes, extra expenses, costs incurred and taxes
- ✓ **Extended risks** – The ability to extend to include associated interests such as owned and/or rented rail cars and rolling stock.
- ✓ **Contingency risks** – Providing protection where your supplier.
- ✓ **Profit sharing** – Mechanisms to reward claims record and risk management initiatives.

Cover is available for a range of Interests and Commodities including but not limited to:

- Grain
- Beans
- Soybeans
- Coffee
- Cocoa
- Corn
- Wheat
- Rice
- Cotton
- Sugar
- Nuts
- Meats
- Fruit & Vegetables
- Fertilizer and related products
